New Year Nature Moves

Move, stretch, and welcome a brand new year! Welcome to New Year Nature Moves! Each nature friend brings a fresh move to try.

Start with Kangaroo bounce high and low as you welcome the new year.

Then Sun reach your arms up tall and stretch wide. Next is Ocean Wave sweep your arms side to side and roll your shoulders.

Then Bird flap your wings gently and turn in a slow circle. Now be a Butterfly float softly with light, quiet steps.

Finish as a Mountain stand still and strong. Take a calm breath with each move.

Ask What new thing would you like to try this year. End by saying Now the new year is calm. Lie down and imagine sunshine and fresh air.

KIDS IN THE KITCHEN

Ham and Cheese Pinwheels

Recipe makes 6-8 pinwheels

Ingredients

- 2 large tortillas, look for "burrito size"
- 4 leaves lettuce, we used Romaine
- 10-12 slices deli ham, 1 small package
- 8 slices cheese (cheddar cheese, Swiss cheese, or Colby Jack)
- 4 tbsp cream cheese
- optional, Ranch Dressing (seasoning mix)

Method

1. Lay the tortillas flat and spread about 2 tablespoons of cream cheese on each.
2. Next, layer the ham onto the tortillas.
3. On top of the ham, add lettuce.
4. The last ingredient, add on the 4 slices of cheese to each tortilla.
5. Roll the tortillas tightly and slice into 2-inch sections.

SUSTAINABILITY CORNER

Recycled Celebration Medals

Turn everyday recycling into something special! Save cardboard from boxes or packaging and cut out large circles to make medals. Let children decorate each medal with crayons, paper scraps, stickers, or recycled ribbon. Write or draw something meaningful like a smile, a favourite colour, or a simple design. Punch a hole and add string or ribbon so children can wear their medals with pride.

This activity teaches children about reusing materials, reducing waste and celebrating achievements with simple, earth-friendly craft.

It's hands-on, creative, and fun — plus each medal becomes a joyful keepsake to wear or display!
